Project Highlight

Hospice Family Care

Welcome to Hospice Family Care (HFC), Huntsville and Madison County's only not-for-profit hospice. HFC provides care and support for terminally ill patients and their families. Hospice care is not limited to patients with a cancer diagnosis. Our services are available for anyone with a terminal disease.

Hospice Family Care provides advanced end-of-life healthcare in the comfort of a patient's home - whether it is a private residence, nursing home or assisted living facility. Our agency provides medical care, social and spiritual support, companionship and education - all in order to ensure the most comfort and highest quality of life for the patient in his or her last days, weeks or months.
